

Our Declaration

We, the undersigned, stand together **against racism and injustice** in any form.

We **condemn the many tragedies** that have occurred because officers did not follow proper training policies and common decency.

We understand and are committed to the **basic rights of our fellow Citizens.**

We pledge that we will **respect and give civility to all.**

We also praise the **participation of our Jacksonville Citizens** who work daily to build **One City, Our City, My City.**

We **commend the City of Jacksonville Police Department and Chief** for their work in the community.

Today we **stand united for justice** for all and strongly encourage every Citizen to **treat every other Citizen with respect and civility regardless of race, color, creed, religion or gender.**
